5	18-18/8	4-4.4, Eligibility Criteria	Bidder or the Consortium Partners, should have executed live web streaming (IP based HD web cameras based audio & video from multiple locations) in not less than 15,000 locations in India on behalf of Election Commission of India or any Government Departments/PSUs and Governemnt Agencies during the Last 3 years out of which the prime bidder should have executed minimum 10,000 locations in a single order for any State as per ECI guidelines in the last 3 years anywhere in India.	We request to remove the clause of prime bidder should have executed minimum of 10000 location in a single order from tender condition	1. The tender has provided option to have consortium partners to work together hence enforcing primebidder to have experience of 10000 location in a single work order is biased and will reduce possibility of multiple participation including us. 2. Already in the tender condition 15000 location work order has been mentioned which includes bidder and consortium partner, hence a seperate single order for 1000 location for prime bidder will discourage comepetition.
