Facilitation shall also be provided for locating electors' names in a polling station or a group of polling stations through help lines and facilitation centers.

**(6) Polling Parties and Randomization**

Polling parties shall be formed randomly, through special application software. Three-stage randomization will be adopted. First, from a wider district database of eligible officials, a shortlist of a minimum 120% of the required numbers will be randomly picked up. This group will be trained for polling duties. In the second stage, from this trained manpower, actual polling parties as required shall be formed by random selection software in the presence of General Observers. In the third randomization, the polling stations will be allocated randomly just before the polling party's departure. There shall be randomization for such Police Constables and Home guards also, who are deployed at the polling stations on the poll day.

**(7) Electronic Voting Machines (EVMs)**

The poll in these States will be conducted at all polling stations using EVMs. The Commission has already made arrangements to ensure availability of adequate number of EVMs for the smooth conduct of elections. The Commission has issued a new set of instructions with regard to the First Level Check of EVMs, that will be used

in the poll in these States. The First Level Check of EVMs, has been done in the presence of representatives of political parties. A two-stage randomization of EVMs will be made. In the first stage, all the EVMs stored in the district storage centre will be randomized by the District Election Officer (DEO) in the presence of the representatives of the recognized political parties for allocation assembly constituency-wise. EVMs will be prepared and set for elections after finalization of the contesting candidates. At this stage also, candidates or their agents/representatives will be allowed to check and satisfy themselves in every manner about the functionality of the EVMs. After the EVMs in a constituency are prepared for the poll by the Returning Officer and the ballot units are fitted with ballot papers, then the EVMs will again be randomized to decide the actual polling stations in which they will be ultimately used. The Second Stage randomization will be done in the presence of Observers, Candidates or their Election Agents.

**(8) None of the Above (NOTA) Option in EVMs**

In its judgment dated 27<sup>th</sup> September, 2013 in Writ Petition (C) No. 161 of 2004, the Supreme Court has directed that there should be a “None of the Above” (NOTA) option on the ballot papers and EVMs. The Court has directed that the Commission should implement it ‘either in a phased manner or at a time with the assistance of Government of India’. For implementing the NOTA option, the Commission is preparing detailed instructions for issue to the Chief Electoral Officers of all States/Union Territories.

On the Balloting Unit, below the name of the last candidate, there will now be a button for NOTA option so that electors who do not want to vote for any of the candidates can exercise their option by pressing the button against NOTA.

The Commission is taking steps to bring this to the knowledge of voters and all other stakeholders and to train all field level officials including the polling personnel about the NOTA option.

**(9) Affidavits of candidates – all columns to be filled in**

In pursuance of the judgment dated 13<sup>th</sup> September, 2013 passed by the Supreme Court in Writ Petition (C) No. 121 of 2008, which among other things makes it obligatory for the Returning Officer “to check whether the information required is fully furnished at the time of filing of affidavit with the nomination paper”, the Commission has issued instructions that in the affidavit to be filed along with the

nomination paper, candidates are required to fill up all columns. If any column in the affidavit is left blank, the Returning Officer will issue a notice to the candidate to file the affidavit with all columns filled in. After such notice, if a candidate fails to file affidavit complete in all respect, the nomination paper will be liable to be rejected at the time of scrutiny. The Chief Electoral Officers have been directed to brief all Returning Officers about the judgment of the Supreme Court and the Commission's instructions.

**(10) Communication plan**

The Commission attaches great importance to preparation and implementation of a perfect communication plan at the district/constituency level for the smooth conduct of elections and to enable concurrent intervention and mid course correction on the poll day. For the said purpose, the Commission has directed the Chief Electoral Officers of all the polling going states to coordinate with the officers of Telecommunication Department in the State headquarters, BSNL/MTNL authorities, the representatives of other leading service providers in the State so that network status in the State is assessed and communication shadow areas be identified. The CEOs have also been advised to ensure best communication plan in their States.

**(11) Videography**

All critical events will be video-graphed. District Election Officers will arrange sufficient number of video and digital cameras and camera teams for the purpose. The events for videography will include filing of nominations, scrutiny thereof and allotment of symbols, First Level Checking, preparations and storage of Electronic Voting Machines, important public meetings, processions etc. during campaign, process of dispatching of postal ballot papers, polling process in identified vulnerable polling stations, storage of polled EVMs, counting of votes etc. Digital cameras will also be deployed inside polling booths wherever needed and inside all counting centers. CDs of video recordings will be available on payment to anyone who wishes to obtain a copy of the same.

## **(12) Law and Order and Deployment of Forces**

Conduct of elections involves elaborate security management. It includes ensuring the security of polling personnel, security at the polling stations, security of polling materials and also the overall security of the election process. Central Armed Police Forces (CAPFs) are deployed for area domination prior to poll in order to build confidence in the minds of voters specially vulnerable voters viz. weaker section, minorities etc. Keeping all this in mind, the very designing of the poll schedule, sequencing of multi-phase elections and choice of constituencies for each phase had to follow the logic of force availability and force management.

The Commission has taken various measures to ensure free and fair elections by creating an atmosphere in which each elector is able to access the polling station without being obstructed or being unduly influenced/intimidated by anybody.

Based on the assessment of the ground situation, Central Armed Police Forces (CAPF) and State Armed Police (SAP) drawn from other States will be deployed during the ensuing general elections. The CAPF and SAP will be used generally for safeguarding the polling stations and for providing security to the electors and polling personnel at the polling stations on the poll day. Besides, these forces will be used for securing the strong rooms where the EVMs are stored and for securing the counting centers and for other purposes, as required.

The Commission has been issuing instructions from time to time with regard to the advance preventive measures to be taken by the District Magistrates and Police authorities to maintain the Law & Order and to create atmosphere conducive for the conduct of free and fair elections. The Commission will be constantly monitoring the ground situation closely and will take appropriate measures to ensure peaceful, free and fair polls in these States.

## **(13) General Observers**

The Commission will deploy General Observers in adequate number to ensure smooth conduct of elections. The Observers will be asked to keep a close watch on every stage of the electoral process to ensure free and fair elections. Their names, addresses within the district/constituency and their telephone numbers will be publicized in local newspapers so that the general public can quickly approach them for any grievance redressal. The Observers will be given a detailed briefing by the

Commission before their deployment. Commission may also deploy Police Observers to keep a close watch on law & order situation.

**(14) Election Expenditure Monitoring**

Comprehensive instructions for the purpose of effective monitoring of the election expenditure of the candidates have been issued, which include formation of flying squads, static surveillance Teams, video surveillance Teams, involvement of Investigation Directorates of Income Tax Deptt. etc. State Excise Departments and police authorities have been asked to monitor production, distribution, sale and storage of liquor and other intoxicants during the election process.

For greater transparency and for ease of monitoring of Election Expenses, Candidates would be required to open a separate bank account and incur their election expenses from that very account. The political parties are also advised not to incur any expenditure in cash beyond Rs. 20,000/- also advised not to carry cash above Rs. 50,000/- to the poll going state during the election process. The Investigation Directorate of Income Tax Dept. has been asked to open Air Intelligence unit in the airports of these states and also to gather intelligence and take necessary action against movement of large sum of money in these states.

Expenditure Observers and Assistant Exp. Observers from Central Government are being appointed to keep close watch on election expenditure of the candidates. Control room and Complaint Monitoring Centre with 24 hours toll free numbers shall be operative during the entire election process. Banks and financial intelligence units of Government of India have been asked to forward suspicious cash withdrawal reports to the election officials.

All candidates must ensure that they file their affidavits in the revised format (Form 26) only. The revised format is available on the ECI website and in Returning Officer's handbook.

**(15) Paid News**

To deal with the issue of 'Paid News', a mechanism has been laid out with three tier of Media certification and Monitoring Committees (MCMC) at District, State and ECI level. State and District SVEEP plans have been approved by the Commission based on comprehensive KABP (Knowledge, Attitude, Behaviour, Practices) Survey and these are being implemented in partnership with a host of governmental and non-governmental departments and agencies. Targeted interventions have been taken up to meet shortfall in turnout among various segments of population at polling station levels.

**(20) Conduct of Officials**

The Commission expects all officials engaged in the conduct of elections to discharge their duties in an impartial manner without any fear or favour. They are deemed to be on deputation to the Commission and shall be subject to its control, supervision and discipline.
